POWERTOOLS® G.O.D, Gray Oxidizing Drops

Directions on how to use please read in entirety for best results.

G.O.D IS ADDED TO THE TOTAL FORMULATION

Mix color, add drops to mixture, apply and process as usual.

Levels 1 - 6

The color being applied (Darkest Black 1 to Medium Brown 6)

Total Formulation Of Color + Developer Together Equaling:

2 Ounces, Add 5 Drops

3 Ounces, Add 8 Drops

4 Ounces, Add 10 Drops

Levels 7 - 12

The color being applied (Dark Blonde 7 to Lightest Blonde 12)

Total Formulation Of Color + Developer Together Equaling:

2 Ounces, Add 10 Drops

3 Ounces, Add 15 Drops

4 Ounces, Add 20 Drops

PLEASE NOTE: The normal color of the G.O.D liquid is reddish brown. When combined with your color, the mixture will appear to have a different color tone than your eye is used to seeing. This is normal and will have no effect on your desired end result.
