POWERTOOLS® STB, Stop The Burn

Prevents chemical burns, itching scalp irritation and peroxide damage. Can be mixed into formula or applied directly to any problem area. Will not affect the action of color or perms.

Directions on how to use please read in entirety for best results

Add 20 drops of STB to color mixture, bleach or perm solution. STB can also be applied directly to sensitive areas to eliminate irritation.

Note: For heat activated perms, add STB to perm before adding activator.
