# BRAZILIAN KERATIN RECONSTRUCTION

BEFORE

Keratin smoothing treatment is the latest salon revolution. Not only are these wonder treatments the new code for incredible hair, they build salon loyalty & encourage a high Rand spend per client; the answer to every salon's prayers.

BRASIL CACAU is a thermal reconstruction treatment that aligns hair cuticles. The result is hair infused with incredible shine, smoothness, enhanced strength & condition while being frizz-free & humidity-proofed. The hair's inner bond structure is not chemically altered or rearranged. MADE IN BRAZIL.

Results are instant! There is no need to wait 72 hours.

The minute your client leaves your salon, they can wash their hair, wear a pony tail, use clips & pins, go to gym or swim. Their hair will be straighter, smoother, frizz-free & extremely radiant.

BRASIL CACAU's aftercare products ensure long-lasting results, up to 3 to 4 months.

BRASIL CACAU Gradual Smooth Serum, 215ml

Revolutionary technology that resets the clock on your hair smoothing & straightening treatment. Memory effect & frizz control treatment that gives an instant & easy straight hair effect with long-lasting results. A few sprays creates instant straight hair & the more you use it, the straighter your hair gets.

Use for a fast & super-straight blow-dry & as a maintenance product between hair straightening & smoothing treatments. Can be used on previously straightened hair.

Technology:

ShineSilk: provides long-lasting frizz control even in environments with up to 80% humidity  
Cocoa: moisturizing properties increases elasticity of the hair to protect against future damage  
SoftLiss: active ingredient provides memory effect & smoothness is enhanced with continuous use

How to use:

1. Spray serum throughout clean, damp hair & comb/brush from roots to tips
  2. Blow-dry hair with hairdryer
  3. Flat iron the hair into small sections with approximately 3 passes with the iron per section from roots to ends
  4. As effect fades over time, apply more serum & blow-dry to activate the memory effect or simply comb/brush through as desired without adding heat

## BRASIL CACAU ECO - FORMALDEHYDE FREE

**FORMALDEHYDE FREE** smoothing system made by Brasil Cacau

Please note: Step 1 & 3 are the same products as the regular Brasil Cacau Smoothing Treatment. Only Step 2 is different.

**Professional Kits:** includes 1 x Step 1, 1 x Step 2 & 1 x Step 3:

110ml: Step 1, Step 2, Step 3 **12162**

300ml: Step 1, Step 2, Step 3 **P979**

1 litre: Step 1, Step 2, Step 3 **P978**

## Smooth effect for all types of hair

### What is it?

Hair treatment that ensures a smooth effect superior to treatments with carbocisteines and glyoxylic acid.

### Benefits

- Deep hydration & nutrition
- Thermal protection of the hair shaft
- Hydrated ends
- Promotes extreme shine to hair
- Prevents yellowing & fading of the hair
- Provides platinum shade in blonde hair

### Characteristics

- Ecological formula
- Paraben-free
- Formaldehyde-free
- Petroleum-free
- No mineral oil
- No animal ingredients

### Dermatologically tested

Does not cause allergic reactions

Activated by the heat of the flat iron, Sugarcane Cysteine® acts in the deep layers of the cuticles, rearranging them to make the surface straight, and to reflect intense shine.

Step 2 Reconstructor

300ml **12163**

1 litre **12164**

Step 1 & 3 are as per regular Brasil Cacau Smoothing Treatment, as below:

Step 1

300ml **P982**

1 litre **P997**

Step 3

300ml **P981**

1 litre **P996**

### Discover the products

#### 1. STEP 1: ANTI RESIDUE SHAMPOO:

Its alkaline pH (9.0) helps open the cuticles to make the active ingredients penetrate easier.

#### 2. STEP 2: ECO KERATIN:

Restructures the hair, making it smooth & frizz-free.

#### 3. STEP 3: DEEP CONDITIONING MASK:

Restores normal pH balance (4.5) to ensure hair treatment & longer-lasting results.

### Eco Keratin

- Prevents fading & yellowing
- Easy to apply
- Maximum slide of the flat iron
- High profitability, economic
- Rejuvenates the hair
- Silky & smooth hair ends
- Extremely shiny hair

#### Brasil Cacau, The Keratin Express

A Brazilian hair treatment for smooth, soft, frizz-free & shiny results. A fast service for perfectly smooth & manageable hair. Contains Cocoa & Alpha Hydroxy Acids for intense fragrance, moisture & definition.

Formulated for progressive alignment of strands, shine & softness. Its unique non-formaldehyde formula makes it a quicker, more affordable solution. Results last approximately 4-6 weeks depending on hair texture, thickness & coarseness.

Lasts about two treatments per bottle for average length hair.

110ml

**13915**

#### Procedure:

1. Wet hair & remove excess water with towel.
2. Apply about 50ml of treatment & massage until lather. Do not apply to scalp. Leave-in timing depends on type of hair & extent of frizz. Recommended time is 20-50 minutes.
3. Rinse thoroughly & dry 100% with dryer.
4. Separate hair into strands & flat iron from roots to tip 8-12 times between temperatures 180-230°C.

Recommended to use Primer with iron.

FREQUENTLY ASKED QUESTIONS:

- Q. Can I use BRAZILIAN KERATIN RECONSTRUCTION after having done a dying/tinting process?**  
A. The BRAZILIAN KERATIN RECONSTRUCTION can be done before or after tinting. In either case, we recommend to do the hair tinting two weeks before or after the BRAZILIAN KERATIN RECONSTRUCTION process in order to allow pigment to set better on hair.

**Q. Can BRAZILIAN KERATIN RECONSTRUCTION be done after straightening/relaxation processes?**  
A. Yes, for very curly or Afro Ethnic hair, we do recommend to do hair relaxation/straightening before using BRAZILIAN KERATIN RECONSTRUCTION.

**Q. Can I apply the product only on the roots if client wishes to keep her hair wavy on the length?**  
A. Yes. Applying the product only on the roots provides a very natural & balanced result. For already straightened lengths, applying the product on the root is also recommended in order to avoid saturation.

**Q. Can pregnant women use the BRAZILIAN KERATIN RECONSTRUCTION?**  
A. We recommend that pregnant women & children under 12 avoid the process.

**Q. Is BRAZILIAN KERATIN RECONSTRUCTION compatible with henna?**  
A. Yes. BRAZILIAN KERATIN RECONSTRUCTION is compatible with any colourant or chemical process.

**Q. When is the client allowed to wash her hair?**  
A. Whenever they want, even right after the treatment.

**Q. Does BRASIL CACAU KERATIN TREATMENT work like Japanese straightening, chemical straightener or a perm?**  
A. No. Unlike those chemical processes BRASIL CACAU does not chemically rearrange the internal disulphide bond structure of the hair & it can be used on coloured, foiled, chemically treated & damaged hair.

**Q. Can BRASIL CACAU KERATIN TREATMENT be applied to virgin hair?**  
A. Yes. The most effective result is obtained when applying BRASIL CACAU to processed hair. Virgin hair should be washed at least twice with the BRASIL CACAU Anti Residue Shampoo before applying the BRASIL CACAU TREATMENT. Two to three further treatments will result in virgin hair showing the same results as processed hair.

**Q. How long will the BRASIL CACAU treatment last?**  
A. Three to four months provided the BRASIL CACAU range of aftercare products are used. BRASIL CACAU treatment is a cumulative treatment. The more often you have the treatment applied, the healthier your hair will be & the longer the results will last.

**Q. Is the BRASIL CACAU treatment permanent?**  
A. No, it will eventually wash out after 3 to 4 months. The treatment lasts longest on processed hair & provided the BRASIL CACAU aftercare products are used.
- Q. What happens to my hair after the BRASIL CACAU treatment is at the end of its life cycle?**  
A. Your hair will revert back to its original state about 12 weeks prior to the treatment. It will be in a better & stronger condition than before the treatment.

**Q. How will my hair look after the BRASIL CACAU treatment?**  
A. It will be much shinier, effortless to manage, stronger, straighter, healthier & frizz free. Humidity will no longer be a problem.

**Q. Will BRASIL CACAU make my hair dead straight?**  
A. That depends on the type of hair you have. If you have straight, frizzy hair, the treatment will eliminate the frizz & give the hair incredible shine. If your hair is wavy, BRASIL CACAU will make your hair naturally straight & healthy. If your hair is very curly, the treatment will remove most of the frizz, enhancing the natural curl or wave.

**Q. Can you swim in the sea or pool after BRASIL CACAU treatment?**  
A. Yes, however please note that regular swimming may compromise the longevity of the treatment. It is recommended that you comb BRASIL CACAU Primer through your hair prior to swimming to act as a protective barrier.

**Q. How soon after having the BRASIL CACAU treatment can I wash my hair?**  
A. Immediately after you leave the salon. You may also wear a pony tail, use clips & pins, go to the gym or swim.

**Q. Can you have BRASIL CACAU treatment if you have hair extensions?**  
A. Yes, provided the extensions are of 100% Remy human hair. It is best if the treatment is applied to your hair before the installation of the extensions. However, if the extensions are already installed, your stylist must ensure that the BRASIL CACAU THERMAL RECONSTRUCTION treatment does not come in contact with your hair extension bonds or micro-rings.

**Q. How soon after having BRASIL CACAU treatment can I have it re-applied to my hair?**  
A. As the BRASIL CACAU treatment is a conditioning treatment, there is no potential harm to performing the application at any time. However, re-applying the treatment too soon is wasteful as the new treatment will not adhere to the cuticles if the existing treatment is still in place. It is recommended that the next treatment should not be done before 10 to 14 days have elapsed since the previous treatment.

**Q. Can BRASIL CACAU KERATIN TREATMENT be applied to any type of damaged or processed hair?**  
A. Yes, it can be applied to all damaged hair types: coloured, highlighted, relaxed, straightened, permed or bleached.

**Q. Can I use the Gradual Smooth Serum on hair that has been previously straightened?**  
A. Yes, you can. This treatment revives the faded keratin.

## THE NEW CONCEPT OF KERATIN TREATMENT - THE KERATIN SHAMPOO

Get smooth, silky &amp; shiny hair in just 1 step!

Frizz Free  
smooth & shiny hairVery fast service  
to get smooth & shiny hairSave  
40 minutes\*HAIR TYPES:  
Curly/Voluminous/Frizzy HairTECHNOLOGY:  
Cocoa + Alpha Hydroxy AcidsMECHANISM OF ACTION:  
The acidic pH (2.5) product with the heat of the flat iron is responsible for depositing the formula's active ingredients into the hairBENEFITS:  
• Ultra-fast service  
• Maximum profitability  
• Can be used to get different results  
• Does not fade  
• Does not turn tinted or blonde hair yellow

\*Perform a strand test prior to use: Apply product, leave it for 30 minutes, rinse, dry &amp; flat iron. Evaluate the elasticity &amp; strength of the hair shaft. SHAKE BEFORE USE.

Use regular Brasil Cacau aftercare shampoo (5905), conditioner (5906) &amp; mask (11595) for use at home to ensure long-lasting results

BRASIL CACAU  
KERATIN SHAMPOO  
1 litre  
12601Keratin Treatment  
service

If necessary, before applying The Keratin Shampoo, pre-wash the hair with Brasil Cacau Anti-Residue Shampoo in order to remove impurities &amp; residue.

Apply &amp; wait

STEP 1:  
Wet the hair & remove excess water with the help of a towel. Apply approximately 50ml of The Keratin Shampoo. Massage with circular movements until you obtain a dense, abundant lather. Do not rub the scalp.STEP 2:  
Let it work 20-50 minutes & rinse thoroughly. Processing time varies depending on hair type; the frizzier the hair, the longer it should be left on.

Dry &amp; flat iron

STEP 3:  
Dry completely with heat. Apply Brasil Cacau Primer on entire length.STEP 4:  
Separate the hair into thin strands & flat iron from roots to tips 8 to 12 times per pass at temperatures between 180°C & 230°C
