Olivia Garden Essentials Face Shield, 22 x 33cm
Protects face from harmful airborne particles. Easy & comfortable to wear for long periods. Elastic headband design & adjustable buckle. Anti-fog technology. Soft, absorbent foam on inside for cushioning forehead.
16563

BeautySoClean

DID YOU KNOW THAT GERMS & BACTERIA LIVE ON YOUR MAKE-UP?
Sanitize your makeup every day with BeautySoClean

The Science of BeautySoClean
BeautySoClean was tested on lip glosses, lipsticks, cosmetic pencils, concealers & blushes. It was tested on products sourced from make-up artists, department store testers & regular cosmetic users.

* Samples were streaked on one side of an agar plate. Products were then sprayed with BeautySoClean formula & another sample was taken from each product on the opposite side of the agar plate.

* Results: No bacterial growth was observed on the treated samples after 10 seconds. Staphylococcus Aureus, Pseudomonas Aeruginosa or E.coli (bacteria that can contribute to skin & eye irritations) were present on the products before the treatment, but not after the treatment.

Cupcake-Scented Brush Cleaner
Formulated with natural lime essential oil. Does not leave residue on brushes, clients' face or on the make-up.

60ml
8170

Cosmetic Sanitizer Mist

Effective for sanitizing powder-based products (ie eyeshadow, blush, bronzer, pressed powder etc). It cleans, rejuvenates & removes bacteria from make-up products without altering the formula of the cosmetic product. It is specifically formulated so it does not dry out, crack or change the color of the make-up, compared to using 100% alcohol. 100% effective in 10 seconds. Dermatology tested & non-irritating.

8ml
7469

Cosmetic Sanitizer Wipes

The individually-wrapped Cosmetic Sanitizer Wipes are effective for sanitizing make-up that accumulates visible debris like dust, lint & food particles. They clean, refresh & remove bacteria from make-up without altering the product's formula. The Wipes do not dry out, crack or alter the pigment of the make-up, compared to using 100% alcohol. For products such as lip gloss, lipstick, lip balm, cosmetic pencils, liquid liner & mascara wands. It can even be used to sanitize concealer & foundation.

48 Wipes 7471
200 Wipes 7472

Conditioning Brush Cleanser

Is an efficient, yet gentle, make-up brush cleanser. Its fast-drying formula quickly dissolves make-up residue while leaving your brushes fresh, clean & soft. It does not leave residue on your brushes, on your client's face or on the make-up product. Unlike most brush cleansers it does not contain harmful ingredients like turpentine & dry-cleaning fluid. Fast-drying, dermatology tested & non-irritating.
