17874

Pro Angle Liner Brush

For applying cream, gel, liquid or powder eyeliner. Thin width & dense bristles allow for precise application & easy product pickup. Brush angle allows for a close application within the lashes for a more natural look, or to "map out" the eye for a perfect winged liner. Can be used in the brows to sculpt & shape natural & dramatic-looking eyebrows. Made of high-grade synthetic Taklon fibers.

17876

Pro Red Sable Oval Brush

Use to apply concealer to the under eye area, & more confined areas of the face for a fuller coverage of product. Made of natural red sable blend.

17878

Pro Liner/Chisel Fluff Brush

Double-sided eyeshadow brush. On one end is a synthetic angled liner brush to be used in the brows to add definition, or lash line to create winged liner. On the other end is a very soft blending brush. Use to apply sheer amounts of product to the lid, & to blend out into brow bone. Made of synthetic Taklon fibers & natural sable blend.

17880

Pro Sable Detail/Firm Shadow Brush

Double-ended eyeshadow brush. On one end is a small shadow brush used for applying powders to the lid. On the other end is a very small detail brush that can be used to add fine detail to eyeshadow looks. Made of natural red sable blend.

17882

Pro Firm Shadow Brush

Designed for depositing small amounts of controlled product onto the lid. Use for highlighting under the brow & in the inner corner of the eye. Made of natural sable blend.

17869

Pro Angle Liner/Spoolie Brush

Double-ended brow brush. On one end is a large taklon angle liner brush to be used with liquid, powder, gel & cream products to create winged liner & fill in the brows. On the other end is a spoolie that grooms the lashes & brows. Made of synthetic Taklon fibers.

17871

Pro Large Round Buffer Brush

Use to apply foundation for a seamless, airbrushed finish. Rounded shape reaches all areas of the face. Apply product onto bristles & gently buff into skin. Repeat until desired coverage level achieved. Made of high-grade synthetic Taklon fibers.

17873

Pro Precision Smudger Brush

Very tiny, flat, well-rounded shading tool for smudging out eyeliner & shadow in lash line. Can be used to add definition to cut-crease styles. Made of natural sable & goat blend.

17875

Pro Angle Definer Brush

Very small, compact, angled liner brush. Can be used to apply liner to lash line, & create dramatic winged eyeliner looks. Also suitable for use in the brow with powders, pomades & gels. Made of synthetic Taklon fibers.

17877

Pro Pointed Lip Brush

Very small, pointed, synthetic lip brush. Can be used with all types of lip products, as well as concealer for a more controlled application of product to small areas of the face. Made of synthetic Taklon fibers.

17879

Pro Ultra Soft Kabuki Brush

Designed for all-over, medium to full coverage of powder cosmetics. Its round top & large head make applications quick & easy, & its short handle make it perfect for travel & on the go touch-ups. Very soft material for flawless finish. Made of natural Capra hair.

17881

GrandePOUT Plumping Lip Mask, Berry Mojito, 15g

Skip the lip service & get a plump, pillowy pout. A plumping lip mask that helps lock in moisture & reduce the look of lip lines & wrinkles. Key ingredient complex Volulip™ plumps up lips with moisture, helping to reduce lip lines & wrinkles. Patented complex DuraQuench™'s Intelligent Hydration forms a structural layer on the lips, helping to reinforce the skin's natural barrier while locking in moisture for up to 72 hours. Moisture is restored & lip texture is improved.

Apply generously before bed with finger or included scoop to wake up with more supple lips & reduced dryness. For a quick surge of moisture, use throughout the day whenever lips feel dry. Can be used under other lip products as a base for added hydration. Initial improvements occur in 72 hours, with full improvement in 2 weeks.

- Helps moisturize flaky skin.
- Hyaluronic acid improves firmness & stimulates plumping.
- Protects skin from harsh winters & other environmental conditions.
- Creates a barrier that coats the skin to lock in moisture.
- Lips look & feel more conditioned & soft.
- Lip skin damage is soothed & repaired over time.

BB, CC or DD: a combination of good skin care & a flawless, natural complexion! Originally developed by German dermatologists as a skin care product for special needs, Blemish Balm (known as BB for short) is now a fixed component in the skin care routine of women around the world. arcaya offers an innovative trio for different skin types: BB, CC & DD creams are the fast & easy route to a natural, fresh look.

BB Cream
Correcting blemish balm for all skin types

The arcaya BB-Cream is a true all-rounder 5-in-1: Provides optimum moisture, conceals skin imperfections & wrinkles, smoothes the skin's surface, gives a radiant complexion & protects with SPF 15. Facial care in a single step with the result of a perfect skin! Available in the lighter nuance "Natural 01" & the darker nuance "Sand 02".

Use: In the morning after cleansing, equally apply a sufficient amount of BB. For very dry skin, a moisturizer can be used before.

Cream Sand 02
15723

CC Cream
Color Correction for an even skin tone

The arcaya CC-Cream, in the light nuance "all skin color", ensures seamless correction of minor skin problems: Color pigments, which combine with the individual skin tone, reduce redness, fine lines & wrinkles. Biopolymers & soybean oil are nutrient deposits, which revitalize the tired & dull skin. Result: definitively improved, fresher skin with a more even complexion!

Use: Use CC-Cream daily, on its own, under or over your make-up & for little repairs during the day. For all skin colors .
30ml
15724

DD Cream
Regenerating Blemish Balm with anti-wrinkle effect

The arcaya DD-Cream is the multi-all-rounder: Wrinkles & blemishes are reduced. Anti-ageing ingredients prevent skin ageing & protect against sun rays with SPF 15. Perfect to disguise wrinkles. Available in the lighter nuance "Natural 01" & the darker nuance "Sand 02".

Use: In the morning after cleansing, equally apply a sufficient amount of DD. For very dry skin, a moisturizer can be used before.

Finger Mitt Facial Exfoliating Sponge
Hot Pink - 98.24mm x 64.58mm

Gently cleanse & exfoliate during skin care regimens using this reusable facial exfoliating sponge. Comfortably fits onto fingers to help exfoliate hard-to-reach areas.

Easy to clean, simply wash with mild soap & rinse thoroughly with warm water. Lay flat on a paper towel to dry.
14916

Gentle Exfoliating Oblong Sponge
Hot Pink - 62.7mm x 40.6mm

Gently cleanse or exfoliate during skin care regimens with this reusable, latex-free cleansing sponge. Its oblong shape allows you to easily reach facial contours.

Easy to clean, simply wash with mild soap & rinse thoroughly with warm water. Squeeze to remove excess water. Set aside on a piece of paper towel to dry.
14917

Oval Silicone Facial Cleansing Pad
Hot Pink - 64.8mm x 50.8mm

Gently cleanse or exfoliate during skin care regimens with this reusable silicone facial cleansing pad.

The soft silicone material allows you to easily reach facial contours as the multi-textured ridges are gentle, yet effective in cleansing skin.

Easy to clean, simply wash with mild soap & rinse thoroughly with warm water.
14918

Dual Sided "Macaron" Blending Sponge
Light Nude - 54.1mm x 16.5mm

Apply & blend make-up easily with this double-sided, latex-free "macaron" blending sponge. Use the smooth side to apply product & then blend or set using the sponge side. The TPU film helps create a barrier between the sponge & the make-up so that excess product is not absorbed into the sponge. Can be used wet or dry. To clean, wet sponge in cold or lukewarm water.

Apply a small amount of facial cleanser, antibacterial liquid soap or sponge cleanser to the stained areas. Gently work into a lather without twisting or stretching the sponge. Rinse & repeat if necessary. Squeeze to remove excess water. Set aside on a piece of paper towel to dry.
14919

Teardrop Silicone Applicator with Flocked Back
Pink - 66.7mm

No more wasted product!

This silicone, teardrop-shaped applicator will not absorb any make-up as it aids in evenly & flawlessly applying liquid foundation. Finish the look by using the flocked side to blend foundation or apply powder.

Easy to clean, simply wash applicator with mild soap & rinse thoroughly with warm water.
14920

Dual Textured Blending Sponge
Nude/Pink - 50mm x 30mm

The unique shape of this sponge allows you to easily apply & blend foundation as well as contour & highlight. Apply foundation using the flat surface, which has a thin protective film, to help reduce product waste. Then, use the rest of the sponge to blend foundation into skin. To clean, wet sponge in cold or lukewarm water.

Apply a small amount of facial cleanser, antibacterial liquid soap or sponge cleanser to the stained areas. Gently work into a lather without twisting or stretching the sponge. Rinse & repeat if necessary.
14921

Nude Angled Blending Sponge
Light - 63.5mm x 36.8mm

The unique shape of this latex-free, angled blending sponge provides a comfortable grip while applying & blending foundation, concealer or skincare products. The contours of the sponge allow for precise application in hard-to-reach areas. Use the angled side to apply the product, then flip over & use the flat side to stipple & blend. Can be used wet for sheer coverage & dry for heavier coverage. The sponge will also aid in achieving more difficult make-up artist techniques including highlighting, contouring & strobing. To clean, wet sponge in cold or lukewarm water.

Apply a small amount of facial cleanser, antibacterial liquid soap or sponge cleanser & gently work into a lather without twisting or stretching the sponge. Rinse & repeat if necessary.
14922

Oval Multi-Purpose Silicone Applicator
Pink - 139.7mm

This easy-to-clean, multi-purpose silicone applicator with plastic handle can be used for applying liquid make-up, lotions, creams or facial masks.
