BLOMDAHL
medical beauty

BLOMDAHL® skin-friendly jewellery is developed in consultation with skin specialists & are suitable for everyone who wants to avoid commonly-found allergens & additives such as nickel, cobalt, gold, epoxies & acrylics. Each piece is made of medical plastic or titanium of pure medical quality, & are light, comfortable & durable.

Every piece is individually made in a completely sterile environment with the kindest materials. Your customer will be the very first person to have skin contact with the jewellery piece. BLOMDAHL® are skincare pioneers & their continual development has allowed people of all ages to express themselves without compromising their health.
