Parlux Alyon Diffuser
14634

The technological restyling of the Parlux 3200® PLUS combines the power associated with a new one suction concept, ensuring quieter & fast drying. Redesigned for an even more professional experience.

Equipped with 2 nozzles with a secure, precise & quick adhesion. One for a perfect setting of the hair & the other for fast drying.

LIGHT WEIGHT

Reducing the weight of all the components has created an exceptionally light hairdryer for maximum comfort.

- 1900W
- Long life of over 2000 hours
- 2 speeds, 4 temperatures
- Instant cold shot button
- 2.8m cable

NEW ASPIRATION

Designed to optimize drying thanks to a greater air flow.

MANAGEABLE

Ergonomic handle for more balance & comfort of use.

Magic Sense Diffuser

A revolutionary way to dry curls & style hair. The size & openings have been designed to create the perfect temperature & airflow combination for quicker drying, better curls & less frizz. Its external cover & anti-heating design makes it more comfortable & safe to use. The 15 massaging prongs stimulate the scalp as you dry. Fits all Parlux hairdryers, **except the Parlux 385 & Parlux 3500.**

Melody Silencer, to be placed on back of dryer to significantly reduce noise. Small, light & easy to install. Can be used on all Parlux dryers.

VERY IMPORTANT! - Keep filter of hairdryer clean; normally clean at least once a day. Your dryer will last much longer.
